HELP IS HERE

Column Health is a network of outpatient addiction treatment clinics

Treatment includes Buprenorphine (Suboxone), Naltrexone (Vivitrol), and non-medication options.

We insist on humane and ethical treatment

- Clean, bright, welcoming facilities
- Respect for the individual experience of each person
- Innovative, physician developed treatment
- Non-punitive, not abstinence based

CALL TODAY, BE SEEN TODAY

- No waiting list for Medication Assisted Treatment
- Same Day Visits: Virtual Telehealth and In-Person
- Most insurance accepted

We offer complete treatment services relating to your care

Individual psychotherapy, medication management, and group therapy for individuals, couples, and families are all provided on premises, and are coordinated by your Column Health care team.

LOCATIONS

Our clinics are located conveniently throughout Massachusetts in Arlington, Brighton, Somerville, Lawrence, Lowell, Stoughton, Attleboro, and Norton; Connecticut in Waterbury and Torrington; and New Jersey.
